

# Alabama State Qualifiers in 2026

**Any tournament may be listed as a State Qualifier if the below requirements are met and the tournament is approved by the State Coordinator on [www.nasptournaments.org](http://www.nasptournaments.org)**

**All State Qualifying Tournaments must be completed by March 20 for 2026. Rankings will be made from all the qualifiers and invitations for state awarded. Schools may compete in multiple state qualifiers with the highest score counting for rankings.**

By listing your event on [nasptournaments.org](http://nasptournaments.org), you must agree to follow the current year posted NASP rules and follow the founding principles of NASP®.

- Active BAI must be on the floor during all flights
- Only archers from active NASP® schools can compete in your event. (list of schools is available on the site)
- Your event will only allow archers in grades 4 through 12 to compete
- The tournament must have a capacity for a minimum of 200 archers
- Four or more schools must participate in the actual tournament to count as a State Qualifier
- Paper target faces must be used and changed between flights as in State and Nationals
- One range official per five targets minimum
- Only active BAIs (Basic Archery Instructors) can register archers for events
- The range must be set up as prescribed by NASP® (In the BAI training manual)
- The range must only use approved NASP® equipment (Genesis bow and Easton 1820 "NASP®" arrows, NASP® safety curtain)
- If you feel that you are unable or unwilling to comply with these requirements, please do not submit your tournament as a State Qualifier. Failure to comply with all rules could result in termination of your NASP® BAI certification or termination of the state qualifier status.

Contact State NASP Coordinator, Katie Burks at [katie.burks@dcnr.alabama.gov](mailto:katie.burks@dcnr.alabama.gov), 334-242-3620 with any questions.
